

All about Us

'Develop, promote and deliver, bespoke and imaginative solutions for social support. Enabling individuals, regardless of a disability, to create a personalized and flexible support plan which reflect identified goals, skills and needs. Support and promote imaginative solutions, which offer enhanced life choices'

Who Are GoGet -

GoGet are a family run company specialising in providing care and support for Children, Young People and Young Adults with a range of disabilities, learning and behavioural needs. We employ a small team of support workers who believe that anything is possible, specialising in providing access to what may be deemed 'High' pursuits such as Climbing, Cycling and High Ropes.

Our bespoke services can be provided to individuals or small groups either residential or non-residential. We are available at times that best suit are clients, during the day, after school, term time or holidays.

We provide an increasing range of services, priding ourselves on a flexible approach, delivering support that is tailored to an individual's needs, ambitions and interests.

Clients may choose from on-going regular support be it weekly, fortnightly or monthly. Alternatively clients may require a one off session to sample or introduce a new opportunity. Sessions of support could be to provide the family with assistance on a holiday or whilst the regular carers and family take a well-earned break.

GoGet's Philosophy & Approach to Supporting People -

All work carried out by GoGet is undertaken on the principle that people with disabilities have equal rights, choices and opportunities, as well as equal access to the community and it's facilities. Our work supports the idea of a social model of disability, believing that it is identified systemic barriers, negative attitudes and exclusion by society (purposely or inadvertently) which are the main contributory factor in disabling people. We work in partnership with parents, carers and young people using our services, with the intention that the service then becomes more meaningful and 'needs led'.

GoGet's team of support workers are dedicated to encouraging client's to explore their abilities, challenge themselves and work towards achieving their own identified goals and ambitions at their own pace. Our work is not only to introduce clients to new opportunities but also to encourage individuals to build and develop independence skills and self-confidence through a wide range of experiences.

GoGet Believe -

- In providing a friendly, supportive, and safe environment for individuals to explore their communities, the available opportunities and their own personal social and physical abilities.
- In working closely with other important people in our client's life, such as friends, family, care managers, and other professionals, in order to meet the specific needs of our client.

- Each client be regarded as an individual and given our special attention. Providing a high-quality flexible, responsive and non - intrusive service that is tailored to the needs of the individual.
- Clients have the opportunity to think independently, and make their own choices
- In acting as an advocate for, and in the best interest of our clients at all times
- In making every experience a positive, rewarding one for everyone involved
- Everyone should have the choice and opportunity to challenge themselves and we will do everything to assist them in achieving their own personal level of challenge
- All clients are supported not only by those who have the skills and competencies to do so but have the correct attitude and caring approach to form a solid and supportive relationship
- Clients should receive respect and understanding regarding their cultural, religious and spiritual beliefs
- Clients be informed about all important decisions that affect them, and to have a say
- Clients be afforded privacy for themselves and their belongings
- Clients have the right to complain about anything they feel is unfair or unjust, and to have that complaint listened and responded to
